

Carbonfund.org

Carbonfund.org wishes to thank

Alek\'s Christmas Lights for Celiac Disease

for your efforts to reduce global carbon dioxide emissions in the fight against global warming. Your support is critical to reducing greenhouse gas emissions and their effect on climate change and supports Carbonfund.org's mission of education, offsets and outreach. Carbonfund.org supports climate-friendly projects globally, including renewable energy, energy efficiency and reforestation. Your leadership and commitment on climate change is important today and for future generations.

Thank you!

Eric M. Carlson
Executive Director

Carbon Offset Year 2006
